In such cases, the Company will have no further or additional liability.

The Company is also not responsible for delays due to weather, traffic, or unsafe road conditions (e.g., acts of nature, accidents, etc.). These factors should be taken into account by the Hirer when requesting a collection time and making a booking.

In the case of the Company failing to provide the booked service, any refund will be limited to the amount paid for the hire.

The Company will not accept any liability for damage, injury or loss by any passenger standing up or walking around the vehicle whilst in motion.

5. Itinerary and Accommodation Information

It is the responsibility of the Hirer to provide a complete day-by-day itinerary to the Company, in line with driving regulations and within the specified mileage and hours of service, as outlined in the order document, no later than 7 days before the start of the services. The Company will make every effort to point out potential timing and driving regulation issues. However, the Company is not liable if the itinerary is incorrect and reserves the right to stop services if continuing would result in a breach of driving regulations.

The Hirer must also provide the following information in the format outlined below:

- Client name:
- Client contact:
- Welcome sign (if applicable):
- Flight details:
 - Arrival flight number, time, and date (if applicable):
 - Departure flight number, time, and date (if applicable):

- Drop-off location, time, and date:
- Number of passengers in total:
- Amount of checked luggage:
- Amount of hand luggage:
- Complete day-by-day itinerary:
- List of sights to be visited with addresses (if applicable):

- List of hotels with addresses and complete check-in/check-out dates:

The Hirer must provide this hotel list no later than 4 weeks before the start of the services and the final itinerary not later than 1 week before the start of the services.

If the Company does not receive the itinerary and accommodation details within the specified time period, it reserves the right to cancel the services and apply cancellation charges as per Article 3.

6. Client's Accommodation, Restaurant, and Sightseeing Accessibility

The Hirer is responsible for booking accommodation, restaurants, and sightseeing locations that are accessible to buses. If in doubt, the Hirer must confirm accessibility with the supplier directly.

In the event that the accommodation, restaurants, or sightseeing locations are not accessible, the driver will drop off passengers at the nearest possible drop-off point. The Company will not be responsible for any additional costs incurred for the transportation of passengers or luggage to and from these locations.

7. Driver's Accommodation

If the driver's accommodation is provided by the Hirer, it should be primarily at the same hotel as the traveling group. The accommodation must include bed and breakfast in a single room with an en-suite bathroom and toilet, plus overnight vehicle parking.

If the driver's accommodation is not at the group hotel, it must be within 15 minutes of driving from the group's hotel.

If the hotel provided does not meet these conditions, the Hirer will be liable for any additional costs incurred by the Company in securing appropriate accommodation for the driver.

8. Overtime Charges and Kilometer Allowance

Any changes to the itinerary must be confirmed directly with the Company at all times, and not with the driver of the vehicle. Should the vehicle be detained by the Hirer or taken on a longer journey than what was originally contracted, the Company reserves the right to charge an additional fee to cover the costs incurred.

Hours of service are strictly guided by EU driving regulations and the hours of service available to the Hirer are specified in the order document and they are usually up to 12 hours per day if the driver's accommodation is with passengers and 11 hours if the driver's accommodation is not with the passengers.

Every commenced hour beyond the agreed hours of service is considered overtime. The charge for overtime hours is specified in the table below and is payable directly to the driver. This charge does not apply to hours lost due to traffic jams, emergencies, or other force majeure circumstances.

Hours of service should be used between 7:00 and 21:00 local time. Any exceptions to this usage need to be previously discussed and agreed with the driver. Hours of service that are not used are not transferable to another day.

All kilometers within the agreed-upon itinerary are included in the price. If no specific itinerary is arranged or the itinerary is incomplete, the package includes an allowance of 300 kilometers per day on average (for example for 10 days hire km allowance is 3000km for the whole service). Any additional distance beyond will be subject to extra charges, as per the rates specified below.

Additional charges outside of the agreed upon itinerary		
	Distance	Overtime hours
Minibus	1 EUR/km	50 EUR/hour
Coach	1.8 EUR/km	50 EUR/hour
Plus all other tolls, tunnel and ferry fees.		

9. Driving in bus restricted zones

Many cities and tourist sites in Europe restrict or regulate the movement of tourist buses. City centers such as in Prague, Salzburg, Florence, Rome etc. are not accessible and only dedicated bus drop off and pick up spots can be used.

It is the Hirer's responsibility to explain to the passengers that some tourist sights and points of interest in urban areas are not directly accessible to buses and certain amounts of walking is to be expected.

The Hirer cannot force the driver to break the traffic rules under any circumstances and is liable to pay any fines incurred. For a repeated violation of traffic rules caused by the Hirer, the Company reserves a right to cancel the services on the spot without a refund.

Driving on the unpaved roads is strictly prohibited and The company reserves the right to refuse driving on the narrow or steep roads or any other way deemed unsafe by the driver. In this case the decision is purely based on the driver's judgment of the situation.

10. Violation of driving regulations

The hirer undertakes to abide by all drivers' hours regulations and other EU statutory requirements and regulations that may in any way affect the journey in question. Drivers must comply with all such regulations but, subject to the constraints imposed by them, will comply with all reasonable requests of the Hirer. Neither the Hirer nor any passenger shall delay or otherwise interrupt the journey in such a way that the driver is at risk of breaching regulations relating to his driving hours or his duty time. If a breach occurs, the hirer will be responsible for any additional costs incurred, unless the breach is outside the control of the Hirer.

Under no circumstances can the Hirer force the driver to break the rules of EU driving regulations or force the driver to drive into vehicle restricted zones or in any other way to break traffic rules. In such a situation, the Company reserves the right to decline to execute any work and to terminate services, in which case the full amount paid by Hirer becomes forfeitable by the Hirer to the Company.

11. Disrespectful Behavior Policy

We prioritize a respectful and positive environment for both passengers and staff and have a zero-tolerance policy for any form of disrespectful behavior toward our drivers. Our drivers are skilled professionals committed to providing a safe and comfortable journey. Their expertise in route planning and itinerary adjustments is invaluable, and their advice should be followed to ensure compliance with driving regulations and optimal travel conditions.

Any behavior that is demeaning, bossy, or commanding will not be tolerated. This includes giving orders in a disrespectful manner, treating the driver as unimportant, or belittling them. Respectful communication and cooperation are essential to maintaining a smooth and enjoyable travel experience for all.

In the event that disrespectful behavior occurs, the Company will issue up to three warnings via email. If this behavior is repeated after three warnings, the Company reserves the right to cancel the service immediately, without any refund, and with no further liability.

12. Reasonable Usage & Service Expectations

The Company strives to offer the Hirer maximum flexibility while ensuring good working conditions for our drivers and avoiding unnecessary frustration. A fair and reasonable use of the Company's services is expected, considering driving regulations, the driver's well-being, and overall service feasibility. Respecting these guidelines helps create a positive experience for

everyone—when drivers are not placed in frustrating situations, they remain professional, focused, and in good spirits, which ultimately leads to better service.

It is important for the Hirer to understand the limitations of a charter bus and set the right expectations. The service is designed for pre-planned transportation and not for on-demand or taxi-like use. Drivers have the right to decline any requests that conflict with reasonable usage, including those that compromise safety, violate regulations, or fall outside the agreed-upon scope of service.

Below are examples of what is deemed as unreasonable:

Daily Plans and Itinerary Changes

Discuss your daily plans with the coach captain at least a day in advance and avoid making significant last-minute changes. Itinerary adjustments should not be communicated to the driver between 22:00 and 07:00. For safety reasons, no changes to the itinerary, schedule, or route should be communicated to the driver while they are driving.

As charter buses are large vehicles, their routes must be preplanned to account for height limits, weight restrictions, and potential road closures. These factors require careful consideration to ensure safe passage. Changing the route or schedule on short notice may cause complications and is not feasible under these circumstances.

Hours of Service

The driver is available for up to 11 hours per day, with any overtime requiring prior discussion with the driver. Service hours begin from the scheduled morning pick-up time, not when passengers board the vehicle. Daily service hours should be used between 07:00 and 21:00 local time, and any unused hours cannot be carried over to another day.

Punctuality and Pick-Ups:

Please be punctual for all agreed pick-up times at hotels, restaurants, and sightseeing locations, and inform the driver if you experience any delays. Buses must use designated bus stops, which are strictly for quick pick-ups and drop-offs and cannot be used for extended parking.

Sightseeing Drop-Off and Schedule Changes

Once passengers are dropped off for sightseeing, the bus may be parked at a designated location, which could be in a remote area, and the driver may have started a compulsory break as required by driving regulations. Therefore, in case of a change of plans, do not expect the bus to return on short notice. A minimum of one hour's notice must be given for any schedule

adjustments to allow sufficient time for the driver to comply with regulations and reach the pick-up location.

Short Trips

For short trips (under 2 kilometers from your hotel), please consider alternative transportation, as charter buses are not designed for such brief journeys. Unlike taxis, buses cannot make curbside stops and are only permitted to stop in designated areas.

Personal Errands

Drivers are not responsible for personal errands such as shopping or retrieving forgotten items.

Driver's Role

Our drivers are experienced professionals who help ensure smooth daily operations, but they are not substitutes for tour guides.

Bus Charges

Bus-related charges should be settled on the spot. If tickets or fees are pre-purchased online by the company, payment must be made to the driver in cash on the same day.

13. Toilets

For buses equipped with onboard toilets, the availability of these facilities is at the Company's discretion, depending on the availability of suitable locations for proper maintenance. If such locations are limited, toilet facilities may not be available by default.

In accordance with driving regulations, tourist buses are required to take a toilet break approximately every two hours. Additional stops can be made sooner in case of an emergency.

14. Currency and passports

It is the Hirer's responsibility to ensure that all members of the group are carrying the correct currency for each country visited along with a current valid passport and appropriate visas for such countries. The passport has to be carried by the passengers at all times especially for crossborder trips. It is not companies nor drivers responsibility to remind clients to carry the passports.

15. Music

Music on board is allowed only if it does not disturb the driver. This is usually possible on motorways. No music should be played while driving in city centers, so the driver can fully concentrate on driving in busy traffic.

16. Eating

Eating on the bus is prohibited. This includes take away food and drinks, pre packed meals, ice cream, etc. The passengers can only consume small dry snacks and drinks which can be securely closed.

17. Passengers Property

The Company will not be responsible for any damage to, or loss of, personal property left in vehicles, however caused. It is the responsibility of the Hirer to ensure that the passenger's property is insured separately for loss and damage.

All articles of lost property recovered from a vehicle will be held at the depot at which the vehicle is based for one month and will then be destroyed.

18. Luggage

All vehicles hired by the company are subject to restrictions on carrying luggage for statutory safety reasons.

The luggage allowance is 1 check-in L-size luggage 25kg per person and 1 personal 5kg bag per person.

The company needs to impose these limits due to the limited luggage space and weight limits of the vehicles.

All commercial vehicles are subject to weight controls especially on the motorways and border crossing and overweight vehicles are prevented from continuing their journey and liable to pay fines. The driver has the right to refuse to take on any luggage he deems as excessive, causing the vehicle to break the weight limits.

It is the responsibility of the Hirer to inform and discuss with the Company if the passengers are traveling with excessive luggage and it is the Hirer's responsibility to inform passengers about the luggage policy in advance.

The Company is not liable to pay any additional cost which may be incurred as a result of the passengers bringing the excessive luggage without the Company's consent.

Luggage size guide

19. The number of passengers

The number of passengers is specified in the order document and cannot be changed without notification of the Company. The hirer has to request the amendment via writing and the change is only valid when the Hirer receives the new order document from the company. If the Hirer increases the number of passengers to exceed the seating capacity of the booked vehicle, the Company has the right to cancel the contract if a larger vehicle is not available. The company has the right to apply the following cancellation charges as per article 3.

20. Vehicle

The company reserves the right to provide a larger vehicle than that specified or a vehicle with a luggage trailer if needed to provide sufficient luggage capacity.

The Company reserves the right to substitute other vehicles (including those of other operators) or ancillary facilities for all or part of the hiring subject to such substitutes being of similar quality. The company will replace the vehicle in the case of a break down or if the vehicle is otherwise unfit to continue the journey,

The company will not replace the vehicle in the case of minor technical issues, such with audio speakers, incline chair mechanisms, chair armrests, passenger lights, individual air vents or USB connectors.

21. Seat belts

Passengers should wear the seat belts provided at all times and they are liable to pay any fines on the spot which would be incurred as a result of the passengers failing to wear the seat belts. The Company will not accept any liability for damage, injury or loss by any passenger standing up or walking around the vehicle whilst in motion.

22. Tips

Tipping the coach captain/driver for good services provided is an industry standard and the amount of 3 EUR per person per day is expected (minimum 30 EUR per day per group) for buses under 20 seats and 2.5 EUR per person per day is expected (minimum 50 EUR per day per group). The tips are usually paid on the night before the last day of the services.

23. Damage to Company Vehicles

The Company's private hire vehicles are constructed and adapted to transport seated passengers only and standing on seats or use of roofs for viewing, etc is not permitted. The hirer will be responsible for, and shall indemnify the Company against any damage caused to the vehicle as a result of negligence or intentional damage by all members of the party. The hirer has an obligation to compensate the Company for any damage caused by the passengers.

24. Consumption of Alcohol

The Company reserves the right to refuse to carry any passenger whose behavior can be considered unruly or under the influence of alcohol or drugs.

25. Cleaning Charges

The Company reserves the right to impose additional charges on the hirer following completion of the hire if the passengers have left the vehicle in an unreasonably untidy condition (up to 150 EUR).

26. Returnable Additional Deposits

The Company reserves the right to insist upon a returnable additional deposit being provided by the hirer in addition to the hire charge. This deposit will be returned to the hirer following completion of the hire provided that no additional expenses were incurred by the Company which were a direct result of the Hirers, or his passengers actions.

27. No Smoking Policy

Smoking is not allowed by Law on all vehicles and this also includes electronic cigarettes. The Hirers are responsible and obliged to make sure that all passengers on the vehicle will follow the rule.

28. Complaints

In the event that you should have a complaint, it is important that you notify the coach captain/driver immediately in order that an immediate remedy can be sought. If this is not possible or if you feel that your complaint has not been dealt with satisfactorily, you should notify our office immediately in writing to email address info@directbustravel.com. The company will not accept any complaints after completion of the hire.

29. Final provisions

- a. Acceptance of our Quotation implies acceptance of all the above conditions.
- b. This Contract is governed by Slovakian law.
- c. The invalidity of individual provisions of the contract including these Terms and Conditions of Business for hire bus transport shall not result in the entire contract being rendered invalid as a result.
